Ministry Update

MINISTRY NEEDS

We have a great need in this ministry for a bunkhouse camper. There are many times that bathroom and shower facilities are not available and this does create a hardship. It would be beneficial to be self sufficient as many churches cannot host the number of volunteers a disaster requires. Please join us in prayer for this need!

Hello Brothers and Sisters in Christ!

Once again we have had such a busy month! We have began working on several projects to be ready for hurricane season in the summer. The first two weeks of January I was able to teach at the Westwood School of Missions. It was an honor to be given this opportunity to give back to the school that has given me so much. Also in January we had our Annual Missions Conference at Westwood MBC. What a sweet time of preaching, singing and fellowship. We saw so many old friends and made some new ones. Missions Conference is one of our favorite times of year.

We had a tornado in Groveland, Florida where Tuscanooga BC was hit, they received minor damage. We were able to go out and help with the clean up on the church property. Many of their church members were already there working in the community just hours later. A retired pastor, Brother Madison's home was completely destroyed. Please pray for him and his wife as they set up a new home. This is a difficult task at this stage of life.

The last week of January I went to Mobile, Alabama and worked with the Baptist Chapel and pastor Steve Merrit. We were able to help at his church on several projects. It was a blessing to labor with our brother and I was also able to present the ministry in several churches at the same time.

We have raised \$5000 toward our bunkhouse camper praise the Lord! We are so excited to see how the Lord is going to continue to meet that need. Please continue to lift us up in prayer.

God Bless,

Paul Stansell
