Ministry Update

Prayers Needed!

Please continue to pray for sister Elaine Jackson as she continues to fight the good fight against cancer. She will be completing her treatments soon but still has a long road go for recovery. She has had several setbacks this month but she remains in good spirits and continues to give all praise to the Lord.

Hello again from Disaster Relief!

In September we were given the opportunity to go to the foreign mission field and join a team of mission builders from Westwood MBC in Romania to start building a house for a pastor. We were able to get a good start on this project. Over the next year they should be able to finish this project.

While we were away Hurricane Dorian turned away from Florida but not before it destroyed some of the Bahamas. We have begun raising funds for this upcoming trip, and at this time that date is still to be determined. If you would like to volunteer for this trip make sure you have a valid passport and contact me! People and churches alike have already sent support and we will join in on the clean up and reconstruction.

Also there was a tropical storm that hit East Texas causing major flooding. Our team will deploy October 21 and work out of Shiloh MBC in the community. Pastor Skipper Sauls home was flooded once again, and so many others were affected. Please pray for us as we work and share the gospel.

I have had several opportunities to preach and share the ministry this month. Churches are showing interest in our ministry and some are joining with support. We are so grateful for your prayers and support.

Paul Stansell,
