

As we move into the most active time of year for weather related disasters, we have several needs to be better prepared to respond to disasters. The last report mentioned that the Shady Grove Baptist Church in Monticello, AK had poured the slab for a storage building on their property. They have now erected the metal framework and are ready to install the metal siding. This is a building that has been used and moved three times. The Old siding is no longer usable, so they are going to have to purchase new metal. The cost of this metal will be about \$21,000. This building will be used to store equipment used to respond to disasters. Since Arkansas is in the middle of the country, this is an ideal location for a storage building.

You can send donations for the building directly to Shady Grove or to Westwood with the designation "Shady Grove Building".

Shady Grove Baptist Church
111 Highway 172
Monticello, AR 71655

When we respond to an area to assist with cleanup, one of the essential tools is a skid steer. The skid steer that we have used for years has reached the end of its life. We are now looking for a replacement and are beginning a fund to be able to purchase one. The cost will be around \$62,000.

Donations for the skid
steer should be sent to ABA Disaster Relief
designated "skid steer" to Westwood Baptist Church
3210 Ave G NW, Winter Haven, FL 33880

Our thanks to brother Terry Molden, diesel mechanic of Macedonian Missionary Services for getting the ABA disaster truck in good running order. We drove to Tallahassee and back and it ran perfectly

PRAYER NEEDS:
***More volunteers**
***Need of skid steer**
***Traveling grace for**
deputation in the months of
June & July

Then the disciples, every man according to his ability, determined to send relief unto the brethren which dwelt in Judea:

Which also they did, and sent it to the elders by the hands of Barnabas and Saul.

Acts 11:29-30
