**In February, the Shady Grove Baptist church in Monticello, Arkansas with Pastor David Jacks, poured a slab for a new warehouse on the church property. This warehouse will store some of the equipment for ABA Disaster relief. The funds for this slab were provided by donations made to the ABA Disaster Relief ministry. We appreciate the Shady Grove Baptist Church and Pastor David Jacks for their vision and commitment to the work of this ministry. Working together with churches around the country is essential to be able to bring help to those in need when a disaster strikes.**

**Meanwhile in Winter Haven Florida, a church member had a dead tree that was threatening to damage their home. We used this as an opportunity to do some chain saw training. Special thanks to Ethan Witt and Paul Stansell for being willing to take the time to train and explain chain saw use and to safely bring down this tree.**

**In March we traveled to Madison Florida and helped put a roof on a house that was damaged by Hurricane Idalia that went through that part of Florida back in August of 2023. Even six months after a hurricane passes through an area you can still see reminders of the destruction that was left behind.**

Then the disciples, every man according to his ability, determined to send relief unto the brethren which dwelt in Judaea: Which also they did, and sent it to the elders by the hands of Barnabas and Saul. Acts 11:29-30
